Feeling the Heat?
 Relax, Omega-9 Canola and Sunflower Oils Take the Fear Out of Frying.

Customers are looking for restaurant owners to offer healthier dining options without changing the taste of the foods they love. Fortunately, a new trans fat, lower saturated fat oil solution is available now, allowing restaurants to fry without fear. To learn more about how you can deliver healthier foods that taste great to your customers, visit www.Omega9Oils.com or call 1-800-676-2388.

Introducing AMC MovieNachos:
Where chip meets cheese.

Tostitos

Featuring TOSTITOS® Tortilla Chips and REAL CHEESE in a fresh-sealed tray.

AMC THEATERS
 Experience the Difference

Could you be missing more than you think?

Why did cardiologists miss hearing a Grade 2 aortic regurgitation murmur 5 times more often using a conventional, cardiologist-type ambuscade than they did with the new 3M™ Littman® Electronic Stethoscope Model 3000? Because the Littman Model 3000 with proprietary Ambient Noise Reduction technology reduces the hearing noise by an average of 70% to 100% without eliminating critical body sounds. See official study results at www.3m.com.

Don't miss the sounds you need to hear.

PONCHO BETA

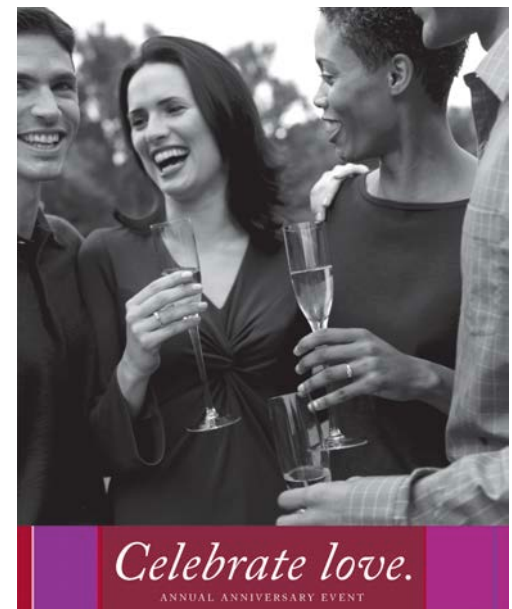

Advanced Seed Treatment Technology

New Poncho Beta makes for a sweeter world.

Introducing a new seed-applied fungicide made specifically for sugarcane. Now you can control root, stem and leaf diseases without the need for handling issues. (It's Poncho!) But you'll get better pest control, which contributes to healthier stands and more recoverable sugar. New Poncho Beta. Oh, how sweet it is.

IT'S NOT JUST A JOB
IT'S YOUR LIFE

Get back to your game, faster.

Specializing in you (and orthopedics)

Great health starts with great results. Like your backline in the hospital and quick recovery. That's why Shriners Medical Center's minimally invasive surgery technology makes your injury the replacement state management. And has small incisions and you're home in days, not weeks. Going on a new edge in the game of life. Get the results you want at Shriners Medical Center.

To learn more, register to attend our next Hip & Knee Pain Seminar by calling 800.476.1117, or visit our web site at ShrinersMedical.org.

Get back to your best friend, faster.

A black and white photograph of a man sitting on a sandy beach, looking down at a small, light-colored dog that is standing next to him. The background shows the ocean and a cloudy sky.

Specializing in you (and oncology).

Great health care is all about results. When you have a serious illness, the cancer you want the most sophisticated technology and the most experienced physicians for the job.

Stamand Medical Center was the nation's first hospital to introduce surgical robotics to create precise, consistent results. That means you've gotten the advantage of premier robotic technology in the most demanding situations. The results are there (and put, too) for recovery and less time to sit the things you need with those you love. For the results you want at Stamand Medical Center.

To learn more about your health, get our free Story's Health-Finding calling 800.676.7777 or visit our web site at StamandMedical.org
